

MAZDA ORIGINAL OIL SUPRA DPF 0W-20

Equivalent performance to ACEA C5

DESCRIPTION

Mazda Original Oil Supra DPF 0W-20 is a lubricant specifically designed for e-SKYACTIV D technology.

- Designed for significant reduction of fuel consumption & providing optimum engine protection.
- Designed for all types of service (urban, highway and motorway driving) particularly in the most extreme conditions.
- Suitable for all driving styles.
- Recommended for all Mazda models with 3.3L diesel engines and DPF.

APPLICATION

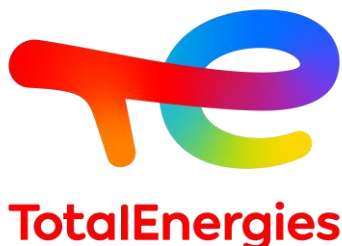

Mazda Original Oil Supra DPF 0W-20 is recommended and suitable for e-SKYACTIV D technology & has been tested/approved by Mazda Motor Corporation.

CHARACTERISTICS

TEST	UNIT	TEST METHOD	RESULT
Kinematic Viscosity at 40°C	mm ² /s	ASTM D445	38.3
Kinematic Viscosity at 100°C	mm ² /s	ASTM D445	8.1
Viscosity Index	-	ASTM D2270	191
Flash Point	°C	ISO 2592	226
Pour Point	°C	ISO 3016	- 48
Density	kg/m ³	ISO 12185	840

CONSUMER BENEFITS

- Significantly reduce fuel consumption as well as CO₂ emissions.
- Low temperature fluidity ensures east engine start under cold condition with an immediate lubrication of the engine.
- Outstanding engine protection, especially against wear under high heat conditions.
- Higher deposit control & engine protection.
